

PLUS FELT, S.L

BOATA: White cotton wadding

Description:

White cotton wadding with two white scrims in each side. The raw material is a white recycled cotton fibers. The bonding is phenolic resin.

Application:

White cotton wadding is applied for its very high absorvency characteristics as a polishing product.

Packaging:

FORMAT	LENGHT	WIDTH	PACKAGING
rolls	max. 130 m	max. 2,40 m	LDPE plastic
plates	max. 2,0 m		carton boxes or HDPE plastic

Quality certicates
ISO/IATF 16949 | ISO 9001

TECHNICAL DATA:

Weight: 600-1000 g/m2 ± 100
>1000-2000 g/m2 ± 200
>2000 g/m2 ± 300

Thermal conductivity 0,62Kcal/h m² °C

Fogging: ≥90%
Smell: ≤3; 24h a r.t.
≤3; 24h a 40°C
≤3; 2h a 80°C

Mould resistance: no mould through
100h at 38°, 95%HR
